

17<sup>th</sup> January 2023

Dear Practitioner,

## Re: Digital Practitioner Card – *Now Live!*

SAQCC Gas would like to wish you and your business all the best for 2023.

We are excited to introduce a new feature that has been added to the Electronic CoC App. SAQCC Gas will no longer be printing Gas Practitioner licenses! The card can now be viewed on the Electronic CoC App as a **digital card**, by following the steps below:

- Click on your profile
- Select the Association tab
- The information on the front of the card will appear
- Touch the card to see the back information.
- Click “get information”

**Please note: If your license is expired, you won't be able to view your card.**

Digital card will **not** allow you to perform the following:

- Screenshots
- Download
- Share

### Downloading New Updates (V 2.0.0.17 Including the digital practitioner card)

To view the digital card offline, you will be required to login and initiate the first online view.

To download the latest update on the Electronic CoC App., you are required to **delete the previous versions of the app**. This will ensure you can view the latest changes.

### User-Guide Webinar

We will be hosting a user-based webinar at the beginning of February to demonstrate current updates.

The App is available for download on Google Play Store, Huawei App Gallery, and App Store.

Regards,

SAQCC Gas Team
